

# SACRED HEART VALENTINE TREAT BAG INSTRUCTIONS

For this project you will need white glue and two kinds of scissors. (Regular Scissors and Pinking Shears or any kind of scissors that will give you a decorative edge)

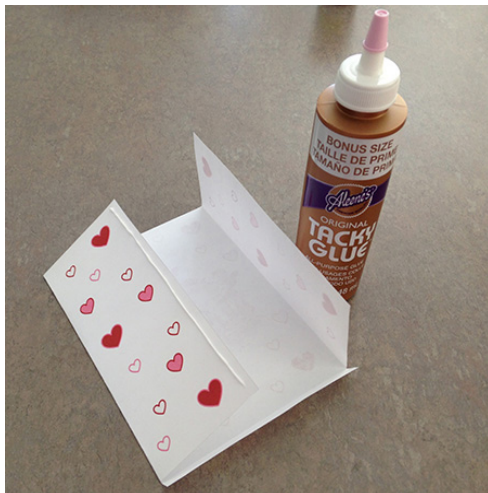

Step #1: With your regular scissors cut your Sacred Heart Valentine Treat Bag out following the outside light grey lines. When finished it should look like the photo above.

Step #2: Fold down flap located on the left side of treat bag first then continue process on the right side using the light grey lines as your guide as pictured above.

Step #3: Fold down the third flap on the bottom side of treat bag using the light grey lines as your guide as pictured above.

Step #4: Put a small bead of glue on the flap located on the left side of treat bag then press the right flap down. Continue process by gluing the final bottom flap.

Final Step: This step is optional. Use Pinking Shears or decorative scissors to cut along the top of bag to give it a decorative edge. Once glue dries fill with goodies!
